3. RIGHTS OF DATA SUBJECTS

If Securiti receives a request from a Data Subject to exercise its right to be informed, right of access, right to rectification, erasure, restriction of Processing, data portability, right to object, or its right not to be subject to a decision solely based on automated processing, including profiling (“**Data Subject Request**”), Securiti shall, to the extent legally permitted, promptly notify and forward such Data Subject Request to Client. Taking into account the nature of the Processing, Securiti shall assist Client by appropriate technical and organizational measures, insofar as this is possible, for the fulfilment of Client’s obligation to respond to a Data Subject Request under Data Protection Laws and Regulations. To the extent legally permitted, Client shall be responsible for any costs arising from Securiti’s provision of such assistance.

4. SECURITI PERSONNEL

- 4.1 **Confidentiality.** Securiti shall grant access to the Personal Data to persons under its authority (including, without limitation, its personnel) only on a need to know basis and ensure that such persons engaged in the Processing of Personal Data have committed themselves to confidentiality and non-disclosure. Securiti will keep the list of persons to whom access to Personal Data has been granted under periodic review. On the basis of the said review, access to Personal Data can be withdrawn and in this case, Personal Data will not be accessible anymore to those persons.
- 4.2 Securiti may disclose and Process the Personal Data (a) as permitted hereunder (b) to the extent required by a court of competent jurisdiction or other Supervisory Authority and/or otherwise as required by applicable laws or applicable Data Protection Laws and Regulations (in such a case, Securiti shall inform the Client of the legal requirement before the disclosure, unless that law prohibits such information on important grounds of public interest), or (c) on a “need-to-know” basis under an obligation of confidentiality to its legal counsel(s), data protection advisor(s) and accountant(s).

5. AUTHORIZATION REGARDING SUB-PROCESSORS

5.1.1 Securiti’s current list of Sub-processors is hereby enclosed at Schedule 2 to the DPA. Such Sub-processor list shall include the identities and details of those Sub-processors and their country of location (“**Sub-processor List**”). The Sub-processor List as of the date of execution of this DPA, or as of the date of publication (as applicable), is hereby, or shall be (as applicable), authorized by Client. In any event, the Sub-processor List shall be deemed authorized by Client unless it provides a written reasonable objection for reasons related to the GDPR within ten (10) business days following the publication of the Sub-processor List. Client may reasonably object for reasons related to the GDPR to Securiti’s use of an existing Sub-processor by providing a written objection to privacy@securiti.ai. In the event Client reasonably objects to an existing Sub-processor, as permitted in the preceding sentences, and the parties do not find a solution in good faith to the issue in question, then Client may, as a sole remedy, terminate the applicable Agreement and this DPA with respect only to those Services which cannot be provided by Securiti without the use of the objected-to Sub-processor by providing written notice to Securiti provided that all amounts due under the Agreement before the termination date with respect to the Processing at issue shall be duly paid to Securiti. Client will have no further claims against Securiti due to (i) past use of approved Sub-processors prior to the date of objection or (ii) the termination of the Agreement (including, without limitation, requesting refunds) and the DPA in the situation described in this paragraph.

5.1.2 Client may find on Securiti’s webpage accessible via <http://status.securiti.ai> a mechanism to subscribe to notifications of new Sub-processors, to which Client shall subscribe, and if Client subscribes, Securiti shall provide notification of any new Sub-processor(s) before authorizing such new Sub-processor(s) to Process Personal Data in connection with the provision of the Services.

- 5.2 **Objection Right for New Sub-processors.** Client may reasonably object to Securiti’s use of a new Sub-processor for reasons related to the GDPR by notifying Securiti promptly in writing within three (3) business days after receipt of Securiti’s notice in accordance with the mechanism set out in Section 5.2 and such written objection shall include the reasons related to the GDPR for objecting to Securiti’s use of such new Sub-processor. Failure to object to such new Sub-processor in writing within three (3) business days following Securiti’s notice shall be deemed as acceptance of the new Sub-Processor. In the event Client reasonably objects to a new Sub-processor, as permitted in the preceding sentences, Securiti will use reasonable efforts to make available to Client a change in the Services or recommend a commercially reasonable change to Client’s use of the Services to avoid Processing of Personal Data by the objected-to new Sub-processor without unreasonably burdening the Client. If Securiti is unable to make available such change within a reasonable period of time, which shall not exceed thirty (30) days, Client may, as a sole remedy, terminate the applicable Agreement and this DPA with respect only to those Services which cannot be provided by Securiti without the use of the objected-to new Sub-processor by providing written notice to Securiti provided that all amounts due under the Agreement before the termination date with respect to the Processing at issue shall be duly paid to

Securiti. Until a decision is made regarding the new Sub-processor, Securiti may temporarily suspend the Processing of the affected Personal Data. Client will have no further claims against Securiti due to the termination of the Agreement (including, without limitation, requesting refunds) and/or the DPA in the situation described in this paragraph.

- 5.3 **Agreements with Sub-processors.** Securiti shall respect the conditions referred to in Articles 28.2 and 28.4 of the GDPR when engaging another processor for Processing Personal Data provided by Client. In accordance with Articles 28.7 and 28.8 of the GDPR, if and when the European Commission lays down the standard contractual clauses referred to in such Article, the Parties may revise this DPA in good faith to adjust it to such standard contractual clauses.

6. SECURITY

- 6.1 **Controls for the Protection of Personal Data.** Taking into account the state of the art, Securiti shall maintain all industry-standard technical and organizational measures required pursuant to Article 32 of the GDPR for protection of the security (including protection against unauthorized or unlawful Processing and against accidental or unlawful destruction, loss or alteration or damage, unauthorized disclosure of, or access to, Personal Data), confidentiality and integrity of Personal Data, as set forth in the Security Documentation which are hereby approved by Client. Securiti regularly monitors compliance with these measures. Upon the Client's request, Securiti will assist Client, at Client's cost, in ensuring compliance with the obligations pursuant to Articles 32 to 36 of the GDPR taking into account the nature of the processing, the state of the art, the costs of implementation, the scope, the context, the purposes of the Processing and the information available to Securiti.
- 6.2 **Third-Party Certifications and Audits.** Upon Client's written request at reasonable intervals, and subject to the confidentiality obligations set forth in the Agreement and this DPA, Securiti shall make available to Client that is not a competitor of Securiti (or Client's independent, third-party auditor that is not a competitor of Securiti) a copy of Securiti's then most recent third-party audits or certifications, as applicable (provided, however, that such audits, certifications and the results therefrom, including the documents reflecting the outcome of the audit and/or the certifications, shall only be used by Client to assess compliance with this DPA and/or with applicable Data Protection Laws and Regulations, and shall not be used for any other purpose or disclosed to any third party without Securiti's prior written approval and, upon Securiti's first request, Client shall return all records or documentation in Client's possession or control provided by Securiti in the context of the audit and/or the certification). At Client's cost and expense, Securiti shall allow for and contribute to audits, including inspections of Securiti's systems and physical premises, conducted by the controller or another auditor mandated by the controller (who is not a direct or indirect competitor of Securiti) provided that the parties shall agree on the scope, methodology, timing and conditions of such audits and inspections. Subject to Section 2.3.2, Client may request measures to be taken by Securiti following the results of the audit or inspection.

7. PERSONAL DATA INCIDENT MANAGEMENT AND NOTIFICATION

Securiti maintains security incident management policies and procedures specified in Security Documentation and, to the extent required under applicable Data Protection Laws and Regulations, shall notify Client without undue delay after becoming aware of the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to Personal Data, including Personal Data, transmitted, stored or otherwise Processed by Securiti or its Sub-processors of which Securiti becomes aware (a "**Personal Data Incident**"). Securiti shall make reasonable efforts to identify the cause of such Personal Data Incident and take those steps as Securiti deems necessary and reasonable in order to remediate the cause of such a Personal Data Incident to the extent the remediation is within Securiti's reasonable control. The obligations herein shall not apply to incidents that are caused by Client or Client's users. In any event, Client will be the party responsible for notifying supervisory authorities and/or concerned data subjects (where required by Data Protection Laws and Regulations).

8. RETURN AND DELETION OF PERSONAL DATA

Subject to the Agreement, Securiti shall, at the choice of Client, delete or return the Personal Data to Client after the end of the provision of the Services relating to processing, and shall delete existing copies unless applicable law requires storage of the Personal Data. In any event, to the extent required or allowed by applicable law, Securiti may retain one copy of the Personal Data for evidence purposes and/or for the establishment, exercise or defence of legal claims and/or to comply with applicable laws and regulations. If the Client requests the Personal Data to be returned, the Personal Data shall be returned in the format generally available for Securiti's Clients.

Sections 2.2, 2.3.3, 2.3.4 and 12 shall survive the termination or expiration of this DPA for any reason. This DPA cannot, in principle, be terminated separately to the Agreement, except where the Processing ends before the termination of the Agreement, in which case, this DPA shall automatically terminate.

12. RELATIONSHIP WITH AGREEMENT

In the event of any conflict between the provisions of this DPA and the provisions of the Agreement, the provisions of this DPA shall prevail over the conflicting provisions of the Agreement.

Notwithstanding anything to the contrary in the Agreement and/or in any agreement between the parties and to the maximum extent permitted by law: (A) Securiti's (including Securiti's Affiliates') entire, total and aggregate liability, related to, or for breach of, this DPA and/or Data Protection Laws and Regulations, including, without limitation, if any, any indemnification obligation under the Agreement or applicable law regarding data protection or privacy, shall be limited to the amounts paid to Securiti under the Agreement within twelve (12) months preceding the event that gave rise to the claim. This limitation of liability is cumulative and not per incident; (B) In no event will Securiti and/or Securiti Affiliates and/or their third-party providers, be liable under, or otherwise in connection with this DPA for: (i) any indirect, exemplary, special, consequential, incidental or punitive damages; (ii) any loss of profits, business, or anticipated savings; (iii) any loss of, or damage to data, reputation, revenue or goodwill; and/or (iv) the cost of procuring any substitute goods or services; and (C) The foregoing exclusions and limitations on liability set forth in this Section shall apply: (i) even if Securiti, Securiti Affiliates or third-party providers, have been advised, or should have been aware, of the possibility of losses or damages; (ii) even if any remedy in this DPA fails of its essential purpose; and (iii) regardless of the form, theory or basis of liability (such as, but not limited to, breach of contract or tort).

HAVE AGREED on the following Contractual Clauses (the Clauses) in order to adduce adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals for the transfer by the data exporter to the data importer of the personal data specified in Appendix 1.

Background

The data exporter has entered into a data protection addendum (“DPA”) with the data importer. Pursuant to the terms of the DPA, it is contemplated that services provided by the data importer will involve the transfer of personal data to data importer. Data importer is located in a country not ensuring an adequate level of data protection. To ensure compliance with Directive 95/46/EC and applicable data protection law, the controller agrees to the provision of such Services, including the processing of personal data incidental thereto, subject to the data importer’s execution of, and compliance with, the terms of these Clauses.

Clause 1

Definitions

For the purposes of the Clauses:

- (a) *'personal data', 'special categories of data', 'process/processing', 'controller', 'processor', 'data subject' and 'supervisory authority'* shall have the same meaning as in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data;

- (b) *'the data exporter'* means the controller who transfers the personal data;
- (c) *'the data importer'* means the processor who agrees to receive from the data exporter personal data intended for processing on his behalf after the transfer in accordance with his instructions and the terms of the Clauses and who is not subject to a third country's system ensuring adequate protection within the meaning of Article 25(1) of Directive 95/46/EC;
- (d) *'the subprocessor'* means any processor engaged by the data importer or by any other subprocessor of the data importer who agrees to receive from the data importer or from any other subprocessor of the data importer personal data exclusively intended for processing activities to be carried out on behalf of the data exporter after the transfer in accordance with his instructions, the terms of the Clauses and the terms of the written subcontract;
- (e) *'the applicable data protection law'* means the legislation protecting the fundamental rights and freedoms of individuals and, in particular, their right to privacy with respect to the processing of personal data applicable to a data controller in the Member State in which the data exporter is established;
- (f) *'technical and organisational security measures'* means those measures aimed at protecting personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing;
- (g) *'DPA'* has the meaning given to it in the Background recital above.

Clause 2

Details of the transfer

The details of the transfer and in particular the special categories of personal data where applicable are specified in Appendix 1 which forms an integral part of the Clauses.

Clause 3

Third-party beneficiary clause

1. The data subject can enforce against the data exporter this Clause, Clause 4(b) to (i), Clause 5(a) to (e), and (g) to (j), Clause 6(1) and (2), Clause 7, Clause 8(2), and Clauses 9 to 12 as third-party beneficiary.
2. The data subject can enforce against the data importer this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where the data exporter has factually disappeared or has ceased to exist in law unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity.
3. The data subject can enforce against the subprocessor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
4. The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

Clause 4

Obligations of the data exporter

The data exporter agrees and warrants:

- (a) that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the applicable data protection law (and, where applicable, has been notified to the relevant authorities of the Member State where the data exporter is established) and does not violate the relevant provisions of that State;

- (b) that it has instructed and throughout the duration of the personal data processing services will instruct the data importer to process the personal data transferred only on the data exporter's behalf and in accordance with the applicable data protection law and the Clauses;
- (c) that the data importer will provide sufficient guarantees in respect of the technical and organisational security measures specified in Appendix 2 to this contract;
- (d) that after assessment of the requirements of the applicable data protection law, the security measures are appropriate to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation;
- (e) that it will ensure compliance with the security measures;
- (f) that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;
- (g) to forward any notification received from the data importer or any subprocessor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the data exporter decides to continue the transfer or to lift the suspension;
- (h) to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;
- (i) that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a subprocessor providing at least the same level of protection for the personal data and the rights of data subject as the data importer under the Clauses; and
- (j) that it will ensure compliance with Clause 4(a) to (i).

Clause 5

Obligations of the data importer

The data importer agrees and warrants:

- (a) to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (c) that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;
- (d) that it will promptly notify the data exporter about:
 - (i) any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation,
 - (ii) any accidental or unauthorised access, and
 - (iii) any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;
- (e) to deal promptly and properly with all inquiries from the data exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;
- (f) at the request of the data exporter to submit its data processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the data exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the data exporter, where applicable, in agreement with the supervisory authority;

- (g) to make available to the data subject upon request a copy of the Clauses, or any existing contract for subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the data exporter;
- (h) that, in the event of subprocessing, it has previously informed the data exporter and obtained its prior written consent;
- (i) that the processing services by the subprocessor will be carried out in accordance with Clause 11;
- (j) to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the data exporter.

Clause 6

Liability

1. The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the data exporter for the damage suffered.
2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity.

The data importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.

3. If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

Clause 7

Mediation and jurisdiction

1. The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject:
 - (a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;
 - (b) to refer the dispute to the courts in the Member State in which the data exporter is established.
2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

Clause 8

Cooperation with supervisory authorities

1. The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.
2. The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.
3. The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the data importer, or any subprocessor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5 (b).

Clause 9

Governing Law

The Clauses shall be governed by the law of the Member State in which the data exporter is established.

Clause 10

Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

Clause 11

Subprocessing

1. The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the data importer under the Clauses. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the subprocessor's obligations under such agreement.
2. The prior written contract between the data importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
3. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the data exporter is established.
4. The data exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

Clause 12

Obligation after the termination of personal data processing services

1. The parties agree that on the termination of the provision of data processing services, the data importer and the subprocessor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.
2. The data importer and the subprocessor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.
